

Product Datasheet

PD COMBO 65W QI CHARGING STATION

PRODUCT DESCRIPTION

The PD Combo 65 QI Charging Station is an integrated in-desk power grommet that combines essential features for efficient workspace connectivity. Designed to fit seamlessly into a standard 80mm desk grommet hole, this unit enhances any office environment.

Key Features:

- **UK Socket:** Provides convenient access to standard power outlets.
- **USB A+C Charger:** Equipped with both USB-A QC 3.0 (9V/2A, 5V/3A) and USB-C PD (20V/3A) ports, allowing simultaneous charging of various devices.
- **Wireless 15W QI Charger:** Enables wireless charging for compatible devices.

Installation is straightforward: a simple 80mm nut secured beneath the desk (suitable for desk thicknesses ranging from 10mm to 65mm) ensures quick and stable placement. The PD Combo 65 QI Charging Station is ready for use with a START mains lead. Available in elegant black and white finishes, this grommet seamlessly integrates functionality and aesthetics, making it an excellent addition to any modern office setup.

INSTALLATION

Fit unit into an 80mm cut-out from above, without the screw collar. Once inserted, attach the screw collar from below and tighten

STANDARD PRODUCTS

Part Code

PD COMBO/65/QI-B
